Programa Jóvenes Ingenieros KOSPIE

I am writing this reference upon request from Juan José Restrepo Rosero who is applying for the Programa Jóvenes Ingenieros KOSPIE, Germany.

I have known Juan Jose for two years in my capacity as a teacher at Pontificia Universidad Javeriana Cali. Juan Jose took the course Sensors and Instrumentation in the Electronic Engineering Program at the Pontificia Universidad Javeriana Cali, subjects in which the student had an excellent academic performance. As his teacher, I had the opportunity to observe the student's participation and interaction in class to assess the knowledge acquired in these areas. In my opinion, I rated the student's overall performance as superior.

Additionally, I can confirm that the student was responsible and dedicated during his entire course. Personally, I admire his qualities such as perseverance and honesty.

In conclusion, I would highly recommend Juan Jose Restrepo Rosero. If you require any additional information, please contact me on (57-2) 321 82 00 ext. 8592 or by email on mvalencia@javerianacali.edu.co anytime.

Yours sincerely,
